

WINDREST CATTERY ASSISTANCE FOR VETERINARY SERVICES

I confirm and acknowledge Windrest Cattery will seek Veterinary assistance where it is deemed necessary to attend to my cat whilst in their care.

Windrest Cattery will make every effort to contact you in these emergencies, however in the event that you are not contactable it is important that you provide your emergency contacts with comprehensive instructions, regarding: (1) Spending limits and (2) any decisions concerning humane reasons on your behalf.

I understand that all expenses incurred will be invoiced to and payable by the pet parent as legally required in Part 5 Domestic (Feral & Nuisance) Animals Act. On very rare occasions pets may suffer from conditions that require extensive Veterinary care and treatment. The invoice for the Veterinary consult and treatment will be charged to my credit card provided on the day. In order to proceed with any unforeseen veterinary care, a pre-deposit will be required where a credit card is not used.

Two emergency contacts that are authorised to make these decisions must be provided to Windrest Cattery during a visit.
